

Mckinnon®

These plans include all types of gas furnaces and boilers in the market. The plans available range from 100% of total coverage to plans giving you a 20% discount on all parts and labour. Whichever plan you choose, we at Mckinnon Heating Cooling will provide you with the best possible service 24 hours a day, 7 days a week, 365 days a year.

Heating system parts included in Standard Heating (SH), Discount Heating (DH), High Efficiency Heating (HH) and Standard Boiler (SB) plans are:

- Gas Valve
- Door Switch
- Electronic Ignition System
- Fan & Limit Controls
- Fan Motor
- Flame Spreader
- Furnace Low Voltage Circuit Fuse
- Gas Burners
- Transformers
- Pilot Burner
- Power Burner Motor (ventor motor)
- Pulley & Belt
- Roll Out Switch
- Thermocouple
- Thermostat
- Vent Pressure Switch

Please note that parts not listed above are not covered by these plans.

All Mckinnon plans include a furnace cleaning and/or air conditioner tune-up. Both include a replacement type 1" air filter free of charge.

Starting or renewing a Mckinnon Cooling Plan provides you with the following:

- One annual air conditioning tune up and inspection
- One replacement type air filter (1" only)
- Extended service hours - 7 days a week with priority preferred service for plan customers

The following parts are covered by your plan. If you choose the Complete Cooling Plan (CC Plan) these parts and the labour that goes with them are all covered. If you choose the Discount Cooling Plan (DC Plan) you will receive a 20% discount off of the suggested retail price of the parts and labour. Cooling system parts included in CC and DC plans are:

- Thermostat
- Contactor
- Capacitor
- Fan Blade (condenser only)
- Fan Motor (condenser only)

The following parts are not covered by any cooling plan, but will be replaced and/or repaired at a discounted rate of 20%.

- Compressor
- Electrical Breaker
- Disconnect Switches
- All copper Refrigeration Lines

• Note: Due to CFC regulations, when a refrigerant leak is detected we must perform a leak test. This procedure is not covered by any plan and can be quoted to you at the time of the service call by the service technician.
